

Central New York Stormwater Management Training Program

Spring 2010 Course Schedule Syracuse, NY

Donald W. Lake, Jr. P.E., Principle Instructor

NEW Class Location for 2010

CNY Regional Planning & Development Board

126 N. Salina Street

Syracuse, NY

Course descriptions and online registration at

www.cnyrpd.org/stormwater

Presented by

The CNY Regional Planning & Development Board is pleased to present the Spring 2010 Stormwater Management Training Program. This series of full-day courses will prepare you to meet the challenges of effective stormwater management. Through classroom and field training, you will learn:

- Stormwater hydrology
- Methods for modeling stormwater and designing detention facilities
- Stormwater practice design for new and redevelopment sites
- Planning concepts for site layout & design using “green infrastructure”
- Fundamentals of erosion and sediment control
- Construction site inspection techniques
- Methods for detecting, locating and eliminating illicit discharges

Who Should Attend

- Consulting & municipal engineers
- Land use planners & developers
- Code enforcement officers
- Contractors
- Landscape architects
- Municipal highway staff

Workshop Information

The fee for each workshop is \$230 and includes class handouts, refreshments and lunch. All workshops are held from 8:30 a.m. - 4:30 p.m.

Registration is from 8:00 a.m. - 8:30 a.m.

Most workshops require the use of the NYS Stormwater Design Manual (www.dec.ny.gov/chemical/29072.html) and the NYS Standards and Specifications for Erosion & Sediment Control (www.dec.ny.gov/chemical/29066.html). These documents must be downloaded from the listed DEC web pages or ordered from the Empire State Chapter of the Soil & Water Conservation Society (www.swcsnewyork.org) prior to attending.

Don W. Lake, Jr., P.E., CPESC, CPSWQ has presented over 1,390 lectures, seminars, and training workshops on erosion and sediment control, hydrology, and stormwater management throughout the country. He is the principle author of the “NY Standards and Specifications for Erosion and Sediment Control” and co-author of “Construction Site Erosion and Sediment Controls—Planning, Design and Performance.”

Spring 2010 Courses

7 PDHs, 7 LUs and 7 CEUs will be awarded for each course completed.

All Syracuse courses held at CNY RPDB, 126 N. Salina Street, Lower Level Conference Room.

Registration questions? Contact Kathleen Bertuch at:
Bertuch@cnyrpdb.org

Course	Date
Fundamentals of Watershed Hydrology I	January 27, 2010
Fundamentals of Watershed Hydrology II	January 28, 2010
Stormwater Management Design	February 25, 2010
Better Site Design	March 18, 2010
Illicit Discharge Detection & Elimination	April 29, 2010
Fundamentals of Erosion & Sediment Control I	May 11, 2010
Fundamentals of Erosion & Sediment Control II	May 12, 2010

Complete course descriptions, attendance requirements, on-line registration and directions are available at
